

An hourglass is the central focus, oriented vertically. The top bulb is empty and contains the text 'a time to plant'. The bottom bulb contains a detailed drawing of a plant with a central stem, two large lobed leaves, and a smaller leaf at the top. The plant is growing out of a small mound of soil at the very bottom of the bulb. The hourglass has a decorative frame consisting of two vertical rods with several bulbous and knotted sections. The entire illustration is in black ink on a yellow background.

A TIME TO PLANT

AN ANNUAL REPORT is for the most part an account of the stewardship of the Central Executive and the central administration. From this year's report it should be apparent that considerable efforts are being made to maintain the initiative in many different fields. What of Toc H in the Branches and Areas? Is there any degree of initiative apparent there too? Naturally conditions vary from one Area to another, but there are plenty of signs of an up-and-coming spirit. One hears of Area Festivals where the whole spirit has been something unknown since the days before the war, one goes into Areas where the 'whiff' of extension in the air is everywhere about. Even the Central Council itself is acquiring a new and younger look!

What of our numerical strength? Some members will never be happy until they feel themselves to be part of a society that is growing numerically. Numbers matter indeed, but far more important still is morale, unshakeable faith, and a genuine desire to be used in God's service. In striving after these things the numbers will take care of themselves. The story of Gideon in the Book of Judges puts us right about that. Thirty-two thousand Israelites, divided amongst themselves and panicking, were a hopeless proposition. Even when weeded down to ten thousand they were not dependable, but when Gideon had reduced them to only three hundred fearless and dedicated men, then they marched out and made history.

All of us would like to see Toc H growing in numbers—for reasons that are obvious, but it is a grave spiritual error to measure success or significance in numerical terms. Truly

. . . a society that is growing numerically . . .

there are tides of the Spirit and we can no more command success than we can command the Spirit. All we can do is to subject ourselves willingly to the tides, working with them and not trying to go against them. Christian historians tell us how those tides have been discernible in recent world history. After World War I there was a high tide of spiritual hope. Toc H was borne in on it. After World War II, they say, there was no incoming tide—quite the reverse. Much of the attempted progress there has been in our part of the Christian world during this unfavourable period seems to many of us ill-founded, mostly short cuts and dead-ends.

But the tide always turns. Our Areas and Branches know the mystery of it. They know what it is to struggle, year after year, trying everything with no apparent success, hanging on grimly, often despairingly. Then, for no apparent reason, everything changes, the tide turns, the spirit bears them along and little miracles occur. Area staff know what it is to slog on, year after year, often wondering at the unfairness of so little visible reward for so much hard effort. Then, in the fullness of time, the tide suddenly turns about and new enterprises spring up here and there as if by magic. Faith and hope do not go unrewarded.

There is, indeed, a time to plant and a time to pluck, but it is the time to plant that most calls for pluck!

At times we may feel tired, discouraged, and repeat the Toc H prayer every week with scarcely any conviction about it. We may upbraid our fellow men for their lack of response, like our Lord's playful description of the children in the market place, "We piped to you, and you have not danced." Whether people will dance or not does not depend chiefly on us. What we have to see to is that by God's help and with faithful practice we go on playing a bright tune and a brave one.

The brave faith of the Upper Room of Talbot House was the reason why there was a notice in the hall downstairs which pointed firmly back to the front door and said "To Pessimists—Way Out!"

"Way Out!" for the pessimists. "Weigh In!" for men of good heart whose trust in God is unconditional and who are utterly content to confide in the fullness of His purpose for Toc H.

JOHN CALLE,
Administrator.

The Family at Home

THOSE OF US who have dipped into the recently-published memoirs of some of our wartime commanders will be familiar with the term "balanced". No force, we are told, is fit for action unless it is balanced, whatever its size may be. We might well apply this test to Toc H and ask if it is balanced, or if not, what we intend to do about it.

To consider the situation we need to know the objective and our own state of training, communications, strength, morale.

During 1958 the Central Executive did a great deal to define the object of our attack. The "Keynotes" operation for 1959/60 has been launched and Branches have been told of twelve essentially practical "Keynote Projects", matters which are of nation-wide importance and yet each of which is capable of being scaled down to Branch size. The booklet *Keynotes for Keymen* has been welcomed with satisfaction by members who like to feel that the Movement has a sense of direction. What we had not expected was the admiration it evoked from other Societies and Church leaders. We must see that our works are as good as our words.

Our state of training could still be improved, but we are seeing what can be done about it. The Keynote operation, including the fifteen planned Keynote Conferences, will do

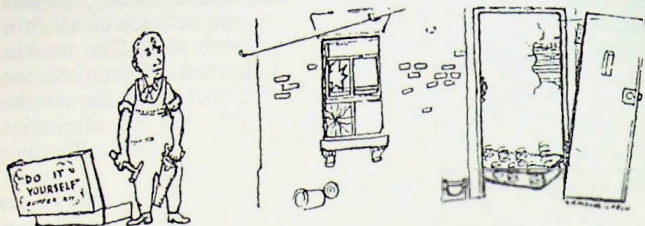

... the Keynote operation will do much ...

much; but something more even than this is needed. A movement of our size needs its own permanent leadership training centre so that Branches may develop the practice of sending their young men to it for rooting and grounding in the basic

principles and practice of Toc H. The Central Executive recognizes this need and is making efforts to meet it. The sooner we can get our training system going the sooner we shall be able to catch up on the spotting and training of our future leaders and our future full-time staff.

Our communications are being tested to see if they are all that could be desired. Experiments are being conducted in the use of Area and District machinery, and the use we make of our weekly Branch meetings is coming under wide examination. During the year a great deal of hard work has gone towards bringing Toc H Headquarters onto Tower Hill, alongside All Hallows and the many other Toc H activities on the Hill. Our Marks, too, are a vital part of the system, and whereas in the past we have had to content ourselves with a defensive policy of make-do and mend with our old buildings.

... a defensive policy of make do and mend ...

we have now, for the first time ever, launched a campaign to build a brand new Mark of our own design.

All that—and much more—has been initiated centrally, and we have yet been able to lend Alec Churcher to Toc H in Africa for the greater part of the year, for a teaching/training mission.

The Branches.—The number of Branches at the end of the year was 967, compared with 976 the year before. There were 58 groups compared with 70 in 1957.

The Membership.—The number of registered members at the end of the year was 16,031, compared with 16,490 for the previous year.

Joint Units.—The process of acquiring experience of Joint Units of men and women continues quietly and steadily. We have recognized that it will take several years to show whether Joint units would be a passing phase or whether they had come to stay. The number of Branches has risen from

four to six, and the number of groups has dropped from five to four. Two of the Branches have now been going steadily and successfully for two years.

During the year three Joint District Teams were recognized and are reported to have made a satisfactory beginning.

Organization.—Following suggestions that too much time and energy is used up on committee work at various levels three Area Executives—Lakeland, Sussex, and West Midlands—have agreed to ‘abolish’ themselves for an experimental period, and to delegate their executive responsibilities to the District Teams. There will still be provision for a small Area Team to exercise general leadership and co-ordination of Area activities. We thank these three Areas for their willingness to participate in an experiment which may be of great significance.

The Schools.—The number of affiliated schools rose by 19 to 222 during the year. Headquarters visits were made to 29 of them. During ALEC CHURCHER’S long absence in Africa the schools work was most capably maintained by Lt.-Col. W. R. ELLIOT as acting Hon. Schools Secretary and by KENNETH PRIDEAUX-BRUNE as Hon. Assistant Secretary. So well have they performed that they have been asked to remain in charge of our Schools department. We take this opportunity of thanking ALEC for the immense labour he has put into the rebuilding of our Schools connection since the war. Few members can appreciate how hard it has been, and how often unsupported. In his new assignment as Secretary for Service and Training he will be working in close collaboration with the work of the Schools Department.

For Christmas 1958 our affiliated schools sent 247 parcels to homeless boys in Borstal. The successful innovation last Easter of having twelve schoolboys helping for three days in Boys’ Clubs in London leads us to hope that more boys will take up this work for longer periods in future. Over twenty boys are known to have helped in various summer camps.

Our Schools Advisory Committee is very anxious to improve the linking up of interested school-leavers with local Toc H Branches. Often Branches are failing in the follow-up. The Committee stresses that the best approach is an invitation to a job, not an invitation to a meeting.

We are glad to note that there are four Hon. Area Schools Representatives—JOHN BRUNKER (*Kent*), ROY FOSTER (*Wilts*), ARTHUR MIDGLEY (*Notts. & Derby.*), and DEREK YARDLEY-WRIGHT (*Glos.*) We welcome them and wish for more like them in other Areas.

The Marks.—As the accounts show, the Marks have had an excellent financial year. This will help us to catch up on arrears of re-equipment and repairs. The results are a tribute to the work of the Honorary Wardens and Housekeepers everywhere. Of 471 beds available the average occupation has been 454—an improvement of 22 over last year. It is clear that the larger Marks are economically the strongest and have to support the smaller Marks, which are generally economically weaker.

Every Mark in the country plays its part in accommodating men from overseas, including coloured folk from all parts of the world.

Appeals are out in Manchester for major alterations to Mark IV, and in Liverpool for major repairs to Gladstone House. In both places the Toc H Areas are giving full support. In Hackney the encouraging progress in the £40,000 Appeal for a new Mark III owes everything to the inspired persistence of COLIN CAMPBELL, on loan to us from Toc H Development Appeal. He has received full backing from all quarters, including Eastern London Area.

Two of the everlasting problems in Mark life are marriage and dry rot. We have done a lot about catching up with the second problem, but the first is always catching up with us. Our best men are for ever being promoted to bridegroom and it says much that in spite of the frequent changes in leader-

... Our best men are forever being promoted to bridegroom ...

ship, and sometimes severe slumps in consequence, the Marks generally retain a high quality of life and purpose. This is always more likely in those Marks which are fortunate enough to have part-time Padres, or honorary Mark Padres who pay regular visits. Especially do we thank Padre NORMAN SMALL who has only recently ceased to be Hon. Resident Padre in Mark I after twelve-and-a-half years in Mark VII and Mark I.

Proposed Transfer of Headquarters.—The Central Executive has been energetically carrying on with negotiations for the acquisition of a building on Tower Hill for the transfer of Toc H Headquarters from Westminster. The Central Council was specially summoned in October and gave its approval to these negotiations. At the time of writing it cannot be said with certainty what the outcome will be, but we know it to be the hope of members and friends of Toc H in all parts of the world that we may yet be able to fulfil the Founder Padre's dream of seeing Headquarters on the Hill.

Staff.—During the year we mourned the loss of STUART GREENACRE, one of our first and greatest Area Secretaries, who joined the staff as a young man and served it for twenty-seven years until the day that he died—as he would have wished—in harness. We shall miss too, the fine work of Padre JOHN JONES (*N. Wales*) who has been obliged by ill-health to resign. Padre DAVID HARDING (*S. W. Area*) is returning to the Baptist Ministry after two years on the staff, and we wish him well in his new pastorate. Ill health has obliged T. L. CAMERON to give up his successful work as part-time Pilot (*East London*), and we welcome E. G. PITKIN as his successor.

We also welcome to the staff G. S. REGIS whom we hope to have for a two-year attachment before he seeks ordination in the Congregational Church and W. T. TOBIAS, and we are glad to enlist the part-time services of the following Mark Padres—Canon G. C. C. PEPYS (*Gladstone House, Liverpool*), the Rev. N. D. STACEY (*Mark VI, Birmingham*).

Several Areas are now without staff and we look to the Branches to provide us with some of their young men for staff training. We need them now to take their place in the splendid tradition of men like Stuart Greenacre.

We acknowledge our debt to the growing number of Honorary Area and Divisional Correspondents, whose devoted spare-time service keeps the lines of communication open. They hold the fort in Areas without staff and in other Areas liberate the staff for wider activities.

Publications.—A second printing has been made of ALEC CHURCHER'S *The Second Mile* and a new introductory pamphlet by JOHN DURHAM, *A Dream Comes True*, is in the press. A new edition of *A Pocketful of Prayers* is also expected shortly. The filming of material for the Toc H Film has now been completed, and in this we have had considerable help from Toc H overseas. There now remains the work of editing and the addition of a commentary before the Film can be released.

We are continually adding to our library of tape-recordings. The historical value of the collection will increase as the years go by.

Mr. PETER BENNETT has produced another fine series of colour pictures of the Old House and we plan to incorporate many of them in a revised colour film-strip.

Christmas Cards and Diaries have again sold very well and there has been a widespread demand for the new style Toc H Tie and the Car Badge.

Training.—The small experiment of bringing a few younger members together for a week's training-cum-holiday at Wendover was continued for the second year. Those who came were emphatic that more of this deliberate training of our potential future leadership is needed.

During the year the Central Executive has been trying to acquire a leadership training centre.

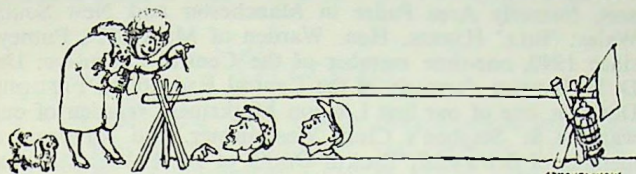

Langdale Week for "under thirties" is now well established and fully supported.

The Women's Association.—During the year Miss MACFIE, Founder Pilot of the Women's Association, left on a long private tour overseas, during which she was a welcome visitor at Branches in South Africa, Australia, New Zealand and

Hong Kong. She was present at the Australian Festival and Conference in October.

The ever growing co-operation with the Women's Association is typified by the increase in the number of Area Joint Advisory Committees. There are now thirteen J.A.C.s (the five London Areas having one overall J.A.C.), leaving eleven Areas without them.

Builders and Donors.—The total of 5,940 Builders raises last year's record by 701, and the income received, £10,836, is an increase of £800. In the last ten years the number of our Builders has increased by 67 per cent and the revenue by 46 per cent. Note should be made of the remarkable recruiting of Builders by the Women's Association—1,187

... remarkable recruiting of Builders by the Women's Association ...

in two years, and by SYDNEY SWAIN—686 in two-and-a-half years. When these two sources have been so quick to make use of their opportunities is it not regrettable that the rest of the Movement is so slow to put the goodwill of friends and former members to work?

We must impress on Branches that private individuals and firms are getting more and more case-hardened to printed appeal letters. Much that reaches them through the letter box goes straight into the wastepaper basket. Any approach that is based on personal friendship and personal experience of the work that Toc H does is far more likely to succeed and that is something that Branches can develop far more easily than Headquarters.

There was no large exceptional effort such as a B.B.C. Appeal during the year. But the general level of income from donations was well maintained. We are especially grateful to those donors to previous B.B.C. Appeals who, in response to Sir WILLIAM HAMILTON-FYFE'S and BARCLAY BARON'S follow-up letters, contributed £2,839.

We thank our donors, our Builders, the Alexandra Day Committee and Branches which assisted local Rose Day appeals. We also thank the Stock Exchange Dramatic and

During 1937 the 1365 proceeds from their performance in the *Angels' Year*. We look forward to their performance in February 1939 of *Kiss Me Kate!*, when the proceeds will go towards our Mark III Appeal.

The Mark Brethren.—Among the Toc H leaders who died during the year were LORD BLENDELOE, Patron of Toc H New Zealand, who was Governor General, a Vice-President and President May 1933; General Sir RICHARD MAY, who gave Talbot House in Nussonge its name, was first Chairman of the Central Executive and a Vice-President and Trustee from 1922; PATRICK SUTHERLAND-GRAEME, Chairman of the Central Executive 1934-38; Major MALCOLM SPEIR, a Vice-President May 1933; the Bishop of Gippsland, 'TED' DAVIDSON, formerly Area Padre in Manchester and New South Wales; 'BIL' HARRIS, Hon. Warden of Mark XX, Putney, since 1940, one-time member of the Central Executive; Dr. P. E. BERTON, formerly of the Central Executive; 'FREDDIE' ANSON, one of our first London Marksmen, Warden of our wartime St. Stephen's Club, Westminster, and for years a member of Belra staff; 'DICKIE' DINES, of Toc H War Services, Middle East, later of Toc H House, Malta, and finally Mediterranean Missions to Seamen, Gibraltar.

The Borstal Service.—We take the opportunity of paying tribute to the Borstal Service which celebrated its Jubilee in 1938. It is not just coincidence that many great figures in Borstal work have also been great names in Toc H. Sir ALEXANDER PATERSON and W. W. LLEWELLIN are just two of a large number who spring to mind. Many members of Toc H, having discovered their sense of vocation through Jobmastery, have found their place in full-time Borstal work. Long may that practice continue. Many of our Branches support the Borstal system by such means as visiting, the home leave scheme, re-employment, and after-care work. We commend this work to all our Branches.

The Old House.—There is continued increase in the use made of the House during the short summer season. 1,150 "bed nights" were recorded during the year and the "Friends of the Old House" now number 200. Among the parties arranged was the Summer School organized by the Women's Association, the Toc H World Conference, and a party of young people from St. Martin-in-the-Fields. The use of Talbot House by parish youth groups is an interesting development with many possibilities. Padre STEPHEN FOWLER of St.

George's Church. Ypres, retired in the summer. We shall miss him greatly, but are glad to have the friendship of his successor, the Rev. OSWALD BRENTON.

Publicity.—We pay tribute to the work of COLIN WINTLE who in the past five years as Press Adviser has worked in most of the Areas and helped them to have a far better understanding of the method of achieving good public relations. During the next year his work will be somewhat curtailed. His direct work as Press Officer will be confined to London and its surroundings, but although he will not generally be available to Areas for advisory visits he will still be able, by correspondence, to give guidance to Areas on all press and broadcasting matters.

Overseas

AMONG the many visitors from overseas whom we welcomed during the year were R. D. PAUL, Hon. Indian Commissioner; CHARLES POTTS, Hon. Uganda Commissioner; Miss SHEILA VIGNOLES, for several years Hon. Secretary of Toc H in Argentina, and Padre HARRY DEVIS, Hon. Editor of *The Compass*, of Toc H South Africa. The huge success of last summer's experiment of organizing a special overseas pilgrimage party to Poperinge may lead to similar arrangements for future years.

Africa.—During the year ALEC CHURCHER was seconded from his Schools work to pay a seven-month visit to Toc H in Uganda, Central and South Africa. ALEC stood up well to his strenuous assignment, and messages from all the countries speak most appreciatively of his visit at a time when Toc H out there needs to keep its feet firm while everything around them is shifting. The South African Council took a courageous step in committing the membership to a systematic re-examination over the next two years of all aspects of the colour problem with a view at the end of that period to removing all forms of colour bar from the Movement in South Africa. After

nine years as our Hon. Commissioner in South Africa, ALAN PATON has been succeeded by DON MCKENZIE, whose great work at the Toc H T.B. Settlement at Botha's Hill makes him

a worthy follower to a great predecessor. All Toc H, not only South Africa, stands in ALAN's debt. By happy coincidence Botha's Hill was the starting point of the 1958 World Chain of Light.

In **Uganda** PINEATE MULUMBA-MUSOKE continues to do good work as Field Assistant and in **Central Africa** ALEC CHURCHER was impressed by the high reputation of Toc H and by the enthusiasm and self-sacrifice of its voluntary leadership.

We thank the membership in all the three African territories visited by ALEC for the warm welcome they gave him. The entire cost of his tour, including salary, was shared by the Central and South African Executives.

Australia.—With the return to England of GEORGE LEE after a very useful three years in Victoria, Australia will be without full-time staff. That may see, temporarily, at any rate, the end of a long line of home staff going out to work in Australia. We are glad to say that at present we have in training in this country JOHN JANS, a young Australian member, who is due to return to Australia at the end of 1959 to join the Australian staff. Whilst the practice will continue of occasionally sending out home staff men for a period of overseas work we hope that Areas overseas will do more to send their own young men to this country for wider experience and staff training, eventually to return to their own home countries for full-time Toc H work.

Singapore.—Talbot House in Singapore continues to do fine work despite a falling-off in demand for accommodation. 'BOB' SIMMONS, the Warden, has been instrumental in starting a Toc H group in Kuala Lumpur, the Malayan capital. We are grateful to Toc H Australia for the generous financial help they have given to the work in Singapore and for the assurance of continued support.

In **India**, Padre HARRY GORDON JONES has completed the first of his two years' attachment to Toc H there and we are confident that his teaching and travels will bear fruit during the year to come.

In **New Zealand** the practical difficulties of maintaining the printed *New Zealand Digest* have led to its replacement by *Keeping in Touch*, a lively bi-monthly bulletin with a circulation of 400.

The Services

FOR SEVERAL YEARS now we have reported that the steady diminution of our remaining Services funds could only be accompanied by a scaling-down of our Services work. This is a situation which confronts not only ourselves but also our friends of the other voluntary bodies who, with us, comprise the Council of Voluntary Welfare Work.

Our difficulties seem to have been increased by the prevalence in some official circles of two myths. The first myth is the belief that the C.V.W.W. bodies made vast profits during the war and that they still have large funds tucked away; the second is that we have only to appeal to the public and all the money we require will be showered upon us. The first myth seems at last to be disappearing. As for the second the plain truth is that the general public is no longer greatly concerned about supporting Services Welfare. The civilian now regards Service life as a well-paid job and will do so increasingly as National Service draws to an end. Industrial firms who backed us all so well in wartime now prefer to give their money to new universities, technical scholarships and the like.

During the year a personal appeal on behalf of Toc H Services work, signed by two of Britain's greatest soldiers, Field Marshals LORD ALANBROOKE and LORD HARDING, was sent out to some 1,250 firms and individuals. That so distinguished an appeal should bring in no more than £600, little of it renewable in future years, is a sign of the times.

Thanks to the strenuous efforts of C.V.W.W. it is yet to be hoped that an increase in the present $81\frac{1}{4}$ per cent Treasury grant towards deficit in B.A.O.R. may yet be made before it is too late to prevent our withdrawal from Germany where our four Clubs are doing valued work.

We thank 'BOB' PRESTON, our Commissioner in B.A.O.R. and his staff, for the long hours and the heavy work they put up with in their effort to keep the job going. During the year Miss EILEEN ALLEYNE, Miss RITA BARRY, Miss F. N. PETERS, Mr. REX COLEMAN, and our two temporary helpers, Mrs. JEAN MILLETT and Miss JEAN MILES, left the staff, and the following joined us: Miss JUNE TOMPKINS, Mr. PETER EAST and Mr. ADRIAN GARDINER.

Meanwhile the Services Team has been obliged to close down our Clubs in Cyprus and Gibraltar. Talbot House in Nicosia has meant much to those who have been able to use it, though during this last year its use has been much reduced by growing curfew restrictions. Service men will long remember the friendship of FRANK COLEMAN-CROSS who, happily, is now fit again after his recent illness and has returned to this country. The Toc H group hopes to continue in Nicosia. The evident decrease in the Services' need for our Gibraltar Club at South Bastion has brought to an end 'Jock' Brown's eight years with Toc H on the Rock. He has become a well-known and well-loved figure whose enthusiasm and immense capacity for improvisation have enabled him to overcome situations which would have daunted almost anyone.

The future of Wendover Club is in the balance. Its best achievement has been in providing accommodation for parents and relatives of R.A.F. men, but the heavy annual deficit is something that cannot be continued without further aid.

During 1958 Talbot House Seafaring Boys' Residential Club at Southampton has undergone a complete modernization without suspending activities. In April 1959, the splendid work of the Club's Committee will be crowned when what is virtually a brand-new Club will be officially 'opened'.

* * *

These then are the bare facts and simple figures about the year's work, which it is our duty to report to the Central Council, and through the Council to the Movement. Members will decide, each according to his temperament, how they are to be interpreted and what should be done about them. Toc H is a Movement of the spirit. The quality of the work we do in Toc H—and so the vigour of the Movement—is the fruit of the spirit that moves in each one of us. The Central Executive has been concerned to do all in its power to minister to that spirit, and is convinced that in many places it is active; happiness is high-hearted; morale is good. God grant that some day we may be able to say this of every member and every place.

R. S. SYMONS,
Chairman, Central Executive.

JOHN CALLF,
Administrator.

THE FAMILY PURSE

The following summary of the general accounts was prepared by an Hon. Area Treasurer with a view to simplifying the position so that the majority of members will understand it better:—

	£
In the year ended 31st October, 1958 the total cost of running Toc H (excluding direct expenditure incurred by Branches) was	62,600
Towards this expenditure we received:	
From Interest on Investments, rents and endowment income	12,224
From Toc H Builders' Subscriptions	10,836
From Donations	6,727
From Sales of Publications and Sundry items	1,144
	<hr/> 30,931
Balance of Expenditure falling on members ...	31,669
Members' Contributions for year totalled ...	27,105
	<hr/>
Deficiency for the year met out of Legacies ...	<u>£4,564</u>

We are grateful for this summary.

The main reason for the improvement in the financial position in 1958 is a reduction of £3,582 in expenditure. Total income from all sources (excluding Marks surplus) fell by £1,119 of which details are given overleaf. There is much to be thankful for. The great improvement in the income from the Membership at Home made in 1957 has been consolidated, whilst income from Toc H Builders and interest on Investments has increased. Donations, which in 1957 included the result of the B.B.C. appeal £2,713, are down by £2,666. The following is a summary of income for the two years:—

	1957	1958
Members at Home	26,960	26,963
Toc H Builders	10,038	10,836
Interest on Investments (General Account)	5,304	6,135
	<hr/> 43,302	<hr/> 43,934
Donations	9,393	6,727
Other items	7,459	7,374
	<hr/> £59,154	<hr/> £58,035
Total income	<hr/> <hr/> £59,154	<hr/> <hr/> £58,035

The Marks have improved upon their efforts in 1957. The surplus of £2,161 has been credited direct to the Repairs Equalization Account to meet the specially heavy expenditure on repairs to buildings and equipment during the year. Some members will wonder why we do not show these repairs in the Marks Account and have done with it. The reason is that the Finance Committee sets an annual charge, which in recent years has been fixed at £8,500, based on normal expenditure over a period of years. This sum has to be found out of the Marks income on the understanding that any surplus earned thereafter should be used on improvements to buildings or equipment. The Finance Committee in addition allocated £1,500 during the year out of general donations for maintenance of Mark properties. The expenditure and way of meeting it is shown in the Repairs Equalization account. We are faced with particularly heavy expenditure for work which was started but not completed in 1958 on Mark IV Manchester and Gladstone House, Liverpool, and appeals to meet the cost are being made by Toc H teams in these cities.

Toc H Development Appeal. We have decided to use the net proceeds of this appeal for special purposes in future years and have therefore removed it from the Income and Expenditure Account and included it in the Balance Sheet. In previous years we have taken into account income earned by the Toc H Development Team during the accounting period but not actually received until after the end of the financial year. Had we done so this year the results would be about the same as in 1957. However, in view of the change made in accounting and use, the Finance Committee decided that it would be more convenient to show in the Balance

Sheet the net proceeds actually received during the accounting period. We remain indebted to this team for its substantial help; two of its members, Jean Perry and Colin Campbell have been seconded for special moneyraising work for Toc H and Toc H Women's Association, and we look forward to a successful outcome of their efforts.

Legacies. We have again credited "below the line" all legacies received during the year showing thereafter a net surplus from all sources of £1,232.

Staff Pension Scheme. Toc H Staff have been accepted as members of the Social Workers' Pension Fund which is specially designed to help men and women employed in social service or allied work.

Overseas work. During 1958 there were no major appointments or replacements of Staff Overseas which involved travelling costs. This accounts for the reduction in expenditure compared with 1957 when a number of such appointments involving considerable travelling expense were made.

Toc H Builders Subscriptions and Donations. We are deeply aware of the very real debt we owe to all our friends who support Toc H by direct gifts to the Family Purse. May we again say as last year that we know of and are thankful for the help of many more friends who support the work of Toc H Branches both by their personal services and by their gifts.

Services work. The net cost of our work during the year was £7,910. The Fund now stands at £8,853. We launched an appeal for Services work during the year but we shared the experience common to all voluntary organizations engaged in welfare work for the Services, that the real value of this work for the Serviceman, particularly overseas, is not appreciated by the general public in peace time, nor do people realize the heavy cost which voluntary organizations incur annually in maintaining this work.

As a direct result of this lack of support we have been obliged to curtail our activities and further reductions in expenditure may be forced upon us. The quality and value of the work done remains high and has been referred to elsewhere.

It has long been the fashion for pessimism in Treasurers of voluntary societies to be commended as showing a proper sense of responsibility.

Facts force us out of fashion.

During many years, and during the past year in particular, we have received sustained support, involving in many instances, personal sacrifice stemming from an abiding belief in Toc H. We have seen work initiated and continued by Toc H, taken up by men and women beyond our membership. We are constantly discovering men of goodwill ready to spend themselves and be spent on God's work of reconciliation. All these facts confirm in us the faith that, under God, Toc H has great things to do *now*, and that, building bravely in this faith, Toc H will lack neither the men nor the money for the work in hand.

STANLEY V. BERWICK,
Hon. Treasurer.

JACK HARRISON,
Finance Secretary.

The Family's Contributions

Overleaf it will be seen that Surrey are 'in orbit'. The first to reach the target of 1/- per member per week. They are fairly good at cricket too. They will shortly be joined by Southern London (49/10) when they have raised that extra pound of 'boost' and we should have a galaxy of stars in 1959.

AUDITORS' REPORT

TO THE CENTRAL COUNCIL OF TOC H INCORPORATED.

No provision has been made out of any of the funds dealt with in the statement of funds to reduce to market value the amount stated for the relative investments, nor has any credit been taken for net income collected on behalf of Toc H Incorporated estimated at £5,000. Subject to these remarks in our opinion:

(a) the annexed statement of funds and income and expenditure account of Toc H Incorporated (not including Toc H Services Fund) give a true and fair view of the state of affairs of the Corporation as at 31st October, 1958, and of its income and expenditure for the year ended on that date and

(b) the annexed balance sheet and income and expenditure account of Toc H Services Fund in which the amounts included in respect of the Services Clubs are based upon returns received from officers of the Club give a true and fair view of the state of affairs of the Fund as at 30th September, 1958, and of its income and expenditure for the year ended on that date.

We have obtained all the information and explanations which we considered necessary. In our opinion, the Corporation has kept proper books and received proper returns and the above-mentioned accounts are in agreement with them.

TOC H BUILDERS

*Here is the way for the non-member
to assist in the building of Toc H*

THE TERM, Toc H Builder, was first used in 1927 to name the new body of supporters who were willing to give financial help in the building of Toc H but could not see a way to serve actively as Members.

In that first year, two hundred and four Builders were enrolled. Now there are over six thousand Builders from all parts of the country helping to reinforce the work of the Toc H Members. Many take an interest in local activities and the majority receive the monthly Toc H Journal with its news of the world-wide Movement. As Toc H Builders, they receive an annual card of introduction to the Toc H family and can, if they wish, wear the Toc H Builder's Badge to show their link with the Movement.

WHY NOT JOIN THEM AND HELP TOC H TO GROW?

Use this form:

Calling all Branch Members!

Twelve hundred members have signed Deeds of Covenant.

Tax recovered in 1958 exceeded £2,800.

There are hundreds of Branches and thousands of members who have not yet considered the Branch Member's Scheme.

Points for information:—

1. Branch members' self assessment subscriptions may be covenanted (specimen overleaf).
2. These subscriptions are retained by the Branch Treasurer.
3. The Family Purse gets an extra 9d. for every 1s. subscription, in tax recovered.
4. The tax recovered is treated as an additional contribution from the Branch.
5. Subscriptions may be paid weekly, monthly, quarterly or yearly.
6. The scheme is simple; sign the Deed, pay your subscription and sign a tax certificate which will be sent to you each year.
7. Fuller details appear on the Branch Member's Covenant form.
8. Send a postcard to the Finance Secretary, Toc H, 47 Francis Street, London, S.W.1. asking for further copies of the Branch Member's Covenant form.
9. This scheme properly supported could produce the extra income we need each year to maintain an adequate staff to serve the Movement.

DEED OF COVENANT

for the use of Toc H Branch Members

I,

of

HEREBY COVENANT with Toc H of 47 Francis Street, London, S.W.1, that for a period of seven years from the date hereof or during my life, whichever period shall be the shorter, I will pay each ⁽¹⁾week/calendar month/year⁽¹⁾ to the said Toc H for the use of its Branch at

An Essential Link

The Annual Report would be incomplete without this list of Areas and Branches. The pity is that lack of space prevents the giving of fuller details. Even so, they still form a valuable link in the chain that binds all units of Toc H into one world-wide Family.

When seeking or supplying information, please write direct to the A.S. or H.A.C. concerned and, in the case of overseas locations, to the Overseas Secretary, Toc H, 47 Francis Street, London, S.W.1, or to the Overseas Secretary, Toc H Women's Association, Crutched Friars House, London, E.C.3.

Dear Bob.

I wonder whether you are getting
the 'New Forum' regularly now?

Recent numbers (it comes out
quarterly, you know) have had
some first-rate articles, which
should stir your grey matter!

So, make certain of getting
your copy by sending a P.O.
for 4/6 to H.Q. for a year's
subscription.

Yours,
Barrie

"Blessed be God

at the end of the last year I was in very good health, without any sence of my old pain"

So Samuel Pepys started his Journal on January 1, 1660. For the next ten years he was to enter in it full details of his domestic and official life (he was Secretary to the Admiralty) to give the finest picture we have of seventeenth-century life in London.

All his hopes and fears, the day to day occurrences including the upsets of "washing days" and the way in which "the Father of the Civil Service" served his country, are faithfully recorded in cipher, to remain a secret until the Rev. John Smith, under the patronage of Lord Braybrooke, deciphered it in 1825.

Like the diaries of Pepys and his friend John Evelyn, the

TOC H JOURNAL

presents a vivid picture of life within the Toc H Family.

It is published monthly (eleven issues per year★) and covers many aspects of Toc H thought and activity in all parts of the world — both in word and picture.

It forms a valuable link between members and friends and gives news of Toc H at work and play in many places.

Annual Subscription — 9s. post free

Make sure that you get it regularly each month. There is a special price reduction to any Branch ordering a minimum of twelve copies.
